Western Conference Program Update:

Speakers' attendance confirmed. All 6 success stories have been selected and confirmed to attend to give their presentations. Sharon Ruggi, a speaker, is authorized a comp registration. Donna Hunter is authorized a comp registration. National pays their room and transportation.

Wayne will send Rich a list of speakers for nametags and comp registration.

168 registrations have been received, including 10 spouses, 4 posters, and Sharon Ruggi, but not those other people comped. Nellie has received a "Pay Pal". The "Pay Pal" option has now been removed from the registration form on the website. Money from "Pay Pal" needs to go to the bank by electronic transfer. Alisa will assure it's done.

Rich will get all the success stories on the League website after the conference.

The Master Account has been set up.

Next week Wayne will send Nellie a list of what speakers get what rooms. Gary, Nellie, and Allen will get suites. Joe will be provided the Presidential Suite. Extra comp rooms, if available, will go to the volunteers, Alisa and Louann.

Some coordinators will arrive Saturday to help set up the conference room. Randy's approved two extra days per diem for this activity.

COLORADO LEAGUE OF RC&DS TELECONFERENCE

1/4/07

A booklet approximately 10 pages long that includes bylaws, Western's policies, speaker bios, etc, will be prepared, printed, and distributed to the conference by Jeff & Alisa.

RC&D Councils need to know that Colorado RC&Ds can sell things to make money for the League, such as the conference CD with pictures.

Little sponsorship money has been received so it's questionable whether volunteers' lunches will be paid. Not all sponsor money has been sent. The League executive board will determine whether volunteers get lunch during a teleconference on Tuesday, Jan. 9th, at 9:00.

Tour registration is low so tours will be offered as something registrants can do on their own. A shuttle to the casino may be possible. Carol will check with the insurance regarding liability.

Insurance for the conference will be included in the San Luis Valley RC&D's current policy.

Still needed are auction items and sponsors.

The conference program will be printed by Tim.

A staging guide will delineate what equipment is needed in which room at what time.
